

PASTOR LOOKING FOR A BETTER RETURN WITH LESS RISK

Pastor Mike Marcellus is the pastor of First Baptist Church in Austin, Texas. Steve Sanders and Solomon Ministries visited his church to discuss some of the pitfalls pastors run into when planning for retirement. Pastor Marcellus had an investment portfolio that put ALL of his retirement at risk without getting any type of good return.

Steve and Pastor Marcellus scheduled a time to meet and discussed some safer investment options, like annuities, with a better return. After meeting with Steve, Pastor Marcellus decided to reposition his retirement with resources provided by Solomon Ministries. This gave the pastor a better rate of return while protecting his assets.

Pastor Marcellus is no longer concerned about his retirement plan and is living with a much brighter outlook on retirement even during uncertain times.
